

Job Number: WFS-SC-18-04
Job Title: Risk Reduction Operator
Supervisor: General Manager
Status: Full Time Hourly - Service Contract Act
Location: Savannah River - Aiken, SC

Waséyabek Federal Services, LLC (WFS) is a subsidiary of Waseyabek Development Company, LLC (WDC), providing services to the Federal marketplace. WDC is a legal entity, created and wholly owned by the Nottawaseppi Huron Band of the Potawatomi (NHBP), a Federally recognized Indian Tribe. WDC is committed to fostering the development of a stable, diversified economy for members of the Band which will contribute to their long-term wealth and economic self-sufficiency while managing risk and creating quality employment opportunities.

POSITION SUMMARY

The Risk Reduction Operator's primary duties will include supporting risk reduction efforts at Department of Energy (DOE) site. Tasks will be completed using, and in accordance with, facility/site processes and procedures. Work will be performed from approved procedures, work packages, equipment manuals, training packages, verbal turnover, and management direction. Programmatic guidance will be provided by site representative. Tasks may include any activity required to safely perform risk reduction activities within assigned facility. All tasks will be performed while adhering to safe work practices/behaviors and sound Conduct of Operations principles.

Tasks include, but are not limited to, the following:

- Assist in the execution and delivery of facility mission goals.
- Perform various tasks in negative pressure gloveboxes and other containment systems, including bag out of contaminated waste and equipment.
- Assist with the replacement of glovebox gloves and HEPA filters.
- Assist with the conceptual design and fabrication of various mockups used in support of risk reduction efforts.
- May be required to perform Generator Certification Official (GCO) duties for various types of radiological waste/equipment.
- Operate various equipment and power/hand tools as directed by assigned supervisor during performance of risk reduction activities.
- Coordinating material and waste transfers, performing periodic inspections of equipment/systems, and identification/reporting of faulty equipment and unusual conditions.
- Responding to all alarms and emergencies conditions and taking appropriate action as directed or trained.
- Remain cognizant of facility conditions and tasks to ensure work is safely performed within facility safety basis.
- Communicate issues to management, supervision, and other support personnel to ensure

safe, effective Conduct of Operations.

- Participate in any event investigations and be aware of changes in facility conditions (radiological, environmental, operational, or potentially hazardous) and make appropriate notifications as needed.
- Initiating timeouts when unanticipated results are encountered during work execution or procedures/technical work instructions cannot be performed as written.
- Perform housekeeping of all facilities to maintain cleanliness and general appearance to maintain a safe and healthy work environment.
- Perform administrative functions such as completing process procedures, monitoring and documenting equipment readings, completing sample requests, using office equipment and other administrative duties as required.
- Perform other general or discipline-specific duties assigned by management to support facility mission.
- Previous radiological glovebox experience preferred, but not required

MINIMUM QUALIFICATIONS

- High School Diploma
- Must have a minimum of five (5) years' experience in a high hazard and radiologically complex nuclear environment
- Minimum of 3 years' experience with Department of Energy (DOE) or Department of Defense (DoD)

PHYSICAL REQUIREMENTS AND WORK ENVIRONMENT

This position may require standing for extended periods of time. The performance of this position may occasionally require exposure to areas that require the use of personal protective equipment such as protective suit, safety glasses with side shields and mandatory hearing protection. The employee must occasionally lift and/or move up to 25 pounds.

TRAVEL

Travel is not required with this position

RELOCATION:
