

JOB NUMBER: BE-19-05

JOB TITLE: CNC Programmer

Supervisor:

Status: Full Time – Exempt

Office Location: Nunica, MI

Baker Engineering, LLC (BE) is a leader in engine design and innovation for military and commercial applications. From concept through prototyping and testing, project engineers at BE are involved every step of the way. Projects include new diesel engine concepts, as well as engine support systems including advanced fuel delivery systems, turbo chargers, control systems, and more. BE is a division of Waséyabek Development Company, LLC that is wholly owned by the Nottawaseppi Huron Band of the Potawatomi, a Federally recognized Indian Tribe.

POSITION SUMMARY

The first shift position is responsible for writing CNC programs to support machining operations of prototype and production parts. Operations primarily involve milling and turning. BE's manufacturing department features multiple Haas machining centers (up to 5 axis) and swiss turning centers. This position works closely with the engineers and CNC operators to ensure success in the manufacturing operation. The growing company is ISO 9001:2015 and AS-9100 certified, and has one facility in Nunica, MI.

ESSENTIAL FUNCTIONS

- Utilize CNC programming software to write programs for multiple axis milling and turning operations
- Write CNC programs remotely and at the CNC machines
- Document NC programs and changes as required
- Provide quote input for new projects
- Follow ISO and AS-9100 standards
- Other duties as may be assigned

MINIMUM QUALIFICATIONS

- 2-year college degree in related field
- Proven ability to write CNC programs for multi axis milling and turning operations
- ISO/AS training (preferred)
- CNC programming software knowledge (Creo desired)
- Minimum of 5 years' experience
- Good oral and written communication skills
- Ability to work onsite Nunica, MI
- Proven ability to handle confidential information with discretion

- Demonstrated ability to achieve high performance goals and meet deadlines in a fast-paced environment
- Ability to pass a background investigation, including but not limited to nationwide criminal record search, and other relevant background information deemed necessary by BE.
- US Citizenship required (ITAR compliance)

PHYSICAL REQUIREMENTS

Ability to focus on computer screens for extensive periods of time. The employee is occasionally required to stand and reach. The employee must occasionally lift and/or move up to 25 pounds.

WORK ENVIRONMENT

This position operates in a professional office environment. This role routinely uses standard office equipment such as computers, phones, photocopiers, and teleconference equipment.

TRAVEL

This position may require travel up to 5% of the time.

POSITION TYPE

This is a full-time exempt position.

RELOCATION

Relocation expenses are not provided.

HIRING PREFERENCE

Veteran Hiring & Native American Preferences will be applied in accordance with BE policy.

Baker Engineering is committed to hiring and retaining a diverse workforce. We are proud to be an Equal Opportunity making decisions without regard to race, color, religion, creed, sex, sexual orientation, gender identity, marital status, national origin, age, veteran status, disability, or any other protected class.

Competitive salary and company-paid benefits are available to the right candidate. Visit www.bakerengineeringmfg.com for more information.
